MOOD:  accomplished

MUSIC: Mogwai - Travel Is Dangerous

A sample of my afternoon:

Our Hero: *is lying face-down on a padded table in his skivvies while a smoking hot massage therapist who is not quite twice his age brutalizes him in unsexy ways*

Smoking Hot Massage Therapist Who's Not Quite Twice My

Age: Okay, roll over now.

OH: I bet you say that to all the boys.

SHMTWNQTMA: Actually, yes. Here, let me lift the sheet. How're the thighs?

OH: *shamefaced* Sore. I've been climbing. And sparring.

SHMTWNQTMA: We'll work on those, then. Are you still using the wrist brace?

OH: For everything more strenuous than lifting my coffee cup. Hey, that tickles.

SHMTWNQTMA: You're not usually ticklish.

OH: *squirming* *I know*. I'm all defendy today. Sorry.

SHMTWNQTMA: Sometimes people get defensive or ticklish when muscle groups are tight. Try not to kick me in the face, okay?

OH: I'll talk! I'll tell you anything!

SHMTWNQTMA: *laughing too hard to continue*

OH: *wins*

SHMTWNQTMA: Just for that, I'm giving you more stretching exercises.

OH: ...

Here, have some Mogwai:

Hey there. Sorry about the drama. It was... it was an emotional decision, and I didn't

Poppets. Puppets. Poppet puppets. Scary.

Some people have all the luck. My last physical therapist outweighed me by 100lbs, chewed tobacco, and had a crush on me. Did a great job helping me recover though, until his wife found the love poem he was composing and I ended up in traction again.

Seriously. I must have cashed in some good karma. This one is about five feet tall and looks like a powderpuff. A powderpuff who could bench-press your former PT.

I figure it'll take you a while yet. By then I'll have that Witness Protection thing set up.

Ya know, I'm smokin' hot, and I'm not quite twice your age. ;)

But I'm not a massage therapist. My *sister's* a massage therapist. So lemme know if you ever need a smokin' hot antitrust lawyer. Like if you price-fix something.

:::now is wanting massage soooooo badly::::

What she said, only I'm a smokin' hot French teacher.

All sexy MTs are evil.

With a sense of humor? (all the good ones, iow)

Evil And Sneaky!

But keep squirming, I think they enjoy it.

Wooooooooow. I can't do loud music (having done so much in the past that if I lose much more midrange, I won't be able to do my job, waaah)....but I'm going to have to get me some Mogwai and play it softly. Because that's the kind of complicated beauty that makes me love Bach.

As if Bach had been into distortion. Exactly.

That was my first thought, too! Didn't even read the post (which is hilarious) for a minute or two while I was going awwwwwwwwww! over the baby platypuses!

If she showed you some new stretches, you'd better teach 'em to me. That overhang is kicking my everythingceps.

Come to yoga class with me on Saturday.*

*The instructor looks like the travel-sized version of Wonder Woman, if Wonder Woman were a triathlete. She can walk around the room on her hands while in lotus position.

...Because my sense of self-esteem *needs* that. *g*

Okay, it's a deal. (And having toted our bales to the storage unit this evening*, I may be so stiff by Saturday morning that you can sell me to Macy's for a store display.)

*I wanted to do it while T. had office hours. Kind of a present. (Or is that an absent???)

 [cvillette](#)

[September 19 2008, 01:05:17 UTC](#) [COLLAPSE](#)

Shush. Your eyes need it. (Hanging around with you has convinced me: I need a girlfriend I can girlwatch with.)

By the way, when do we start first aid/cooking training again?

*Absence of evidence is not evidence of absence, except when the presence of evidence would be an absence of presents. Or is that backwards?

Heeee. A friend of mine had surgery for breast cancer years ago. When she was waiting for the reconstructive surgery, she and her husband would be at the mall or the supermarket or watching TV, and she'd lean over to him and ask, "What do you think of those?" Boob window-shopping.

That's right, I haven't taught you all the splint techniques. The tension ones for wilderness emergencies are so cool. Sunday evening? The realtor has agreed to Leave Us Alone on Sunday after 5:30. *g* (I have mixed feelings about the fact that this showing-the-condo routine can't go on for long. At least, I don't think it can.)

*I don't think that was anything as simple as "backwards." That may be some kind of multi-dimensional tesseract thing.

In this economy, it could be years. Sunday sounds great. What does T. want for dinner?

She said, "Roast beast."

"You mean roast beef?" I asked.

"Oh, I'm not particular," she replied.

<3 Roast beast it is.

May I please <3 your wife from afar? In a strictly admiring, non-predatory way, of course.

 [trollcatz](#)
[September 22 2008, 02:46:06 UTC](#) [COLLAPSE](#)

I think <3ing my wife is the only rational response to her. *g*

Great music! I have this urge to crank it up to Saturn V volume here and now, but it's 3 am and I have a feeling it wouldn't go over too well with the sleeping members of the household...

That is some crazy awesome animation on the video.

So jealous. I never even bring up sparring with my PT anymore (haven't found a massage therapist I like since I moved from Seattle) and I still get regular lectures on why I should lay off the martial arts, or at least the high impact stuff, and the sparring, and how I should never, ever take blows to the head. (This is all wrongheaded - computers are hard on my body, martial arts is good for me unless I'm pushing my luck.)
